ABOUT US

MISSION

Welcome to the Wyze AI Agentic Artificial Intelligence Training the 2nd Cohort — a game-changing, hands-on 3-week (4-month extended internship) journey.

We're on a mission to train 1 Million future-ready individuals across Africa — and from them, build the next generation of AI leaders, entrepreneurs, and partners by joining us at Wyze AI.

This journey is designed to help you:

- ✓ Future-proof your career
- ✓ Shift your mind from AI user to AI Builder
- ✓ Launch a high-income tech path (with or without coding)
- ✓ Build & monetize AI-powered tools
- ✓ Become a Certified Agentic AI Professional (CA-AID)
- ✓ Earn while you learn with our internship
- ✓ Land a tech job or internship after training

WHAT MAKES THIS TRAINING DIFFERENT?

01

3 Weeks Intensive Learning (Evening sessions: Fri, Sat & Sun @ 9PM via Google Meet + Telegram)

02

Bonus Physical Classes - Last Sunday before graduation for mentoring and demos

03

Hands-On Projects + Demo Day Presentations

04

Paid Internship Opportunities

05

Build Real AI Tools — Without Coding

06

Work Directly With Nigeria's First Agentic AI Process Automation Agency

REAL BENEFITS YOU'LL GET

01

Earn While You Learn - Get paid on real projects during internship

02

Free Consultation for Your Business (₦200,000+ value)

03

Premium AI Tools & Templates Access

04

AI Builders Community & Networking Events

05

Monetization Strategy Training - Learn how to sell your AI skills & tools

06

Lifetime Access to Learning Resources

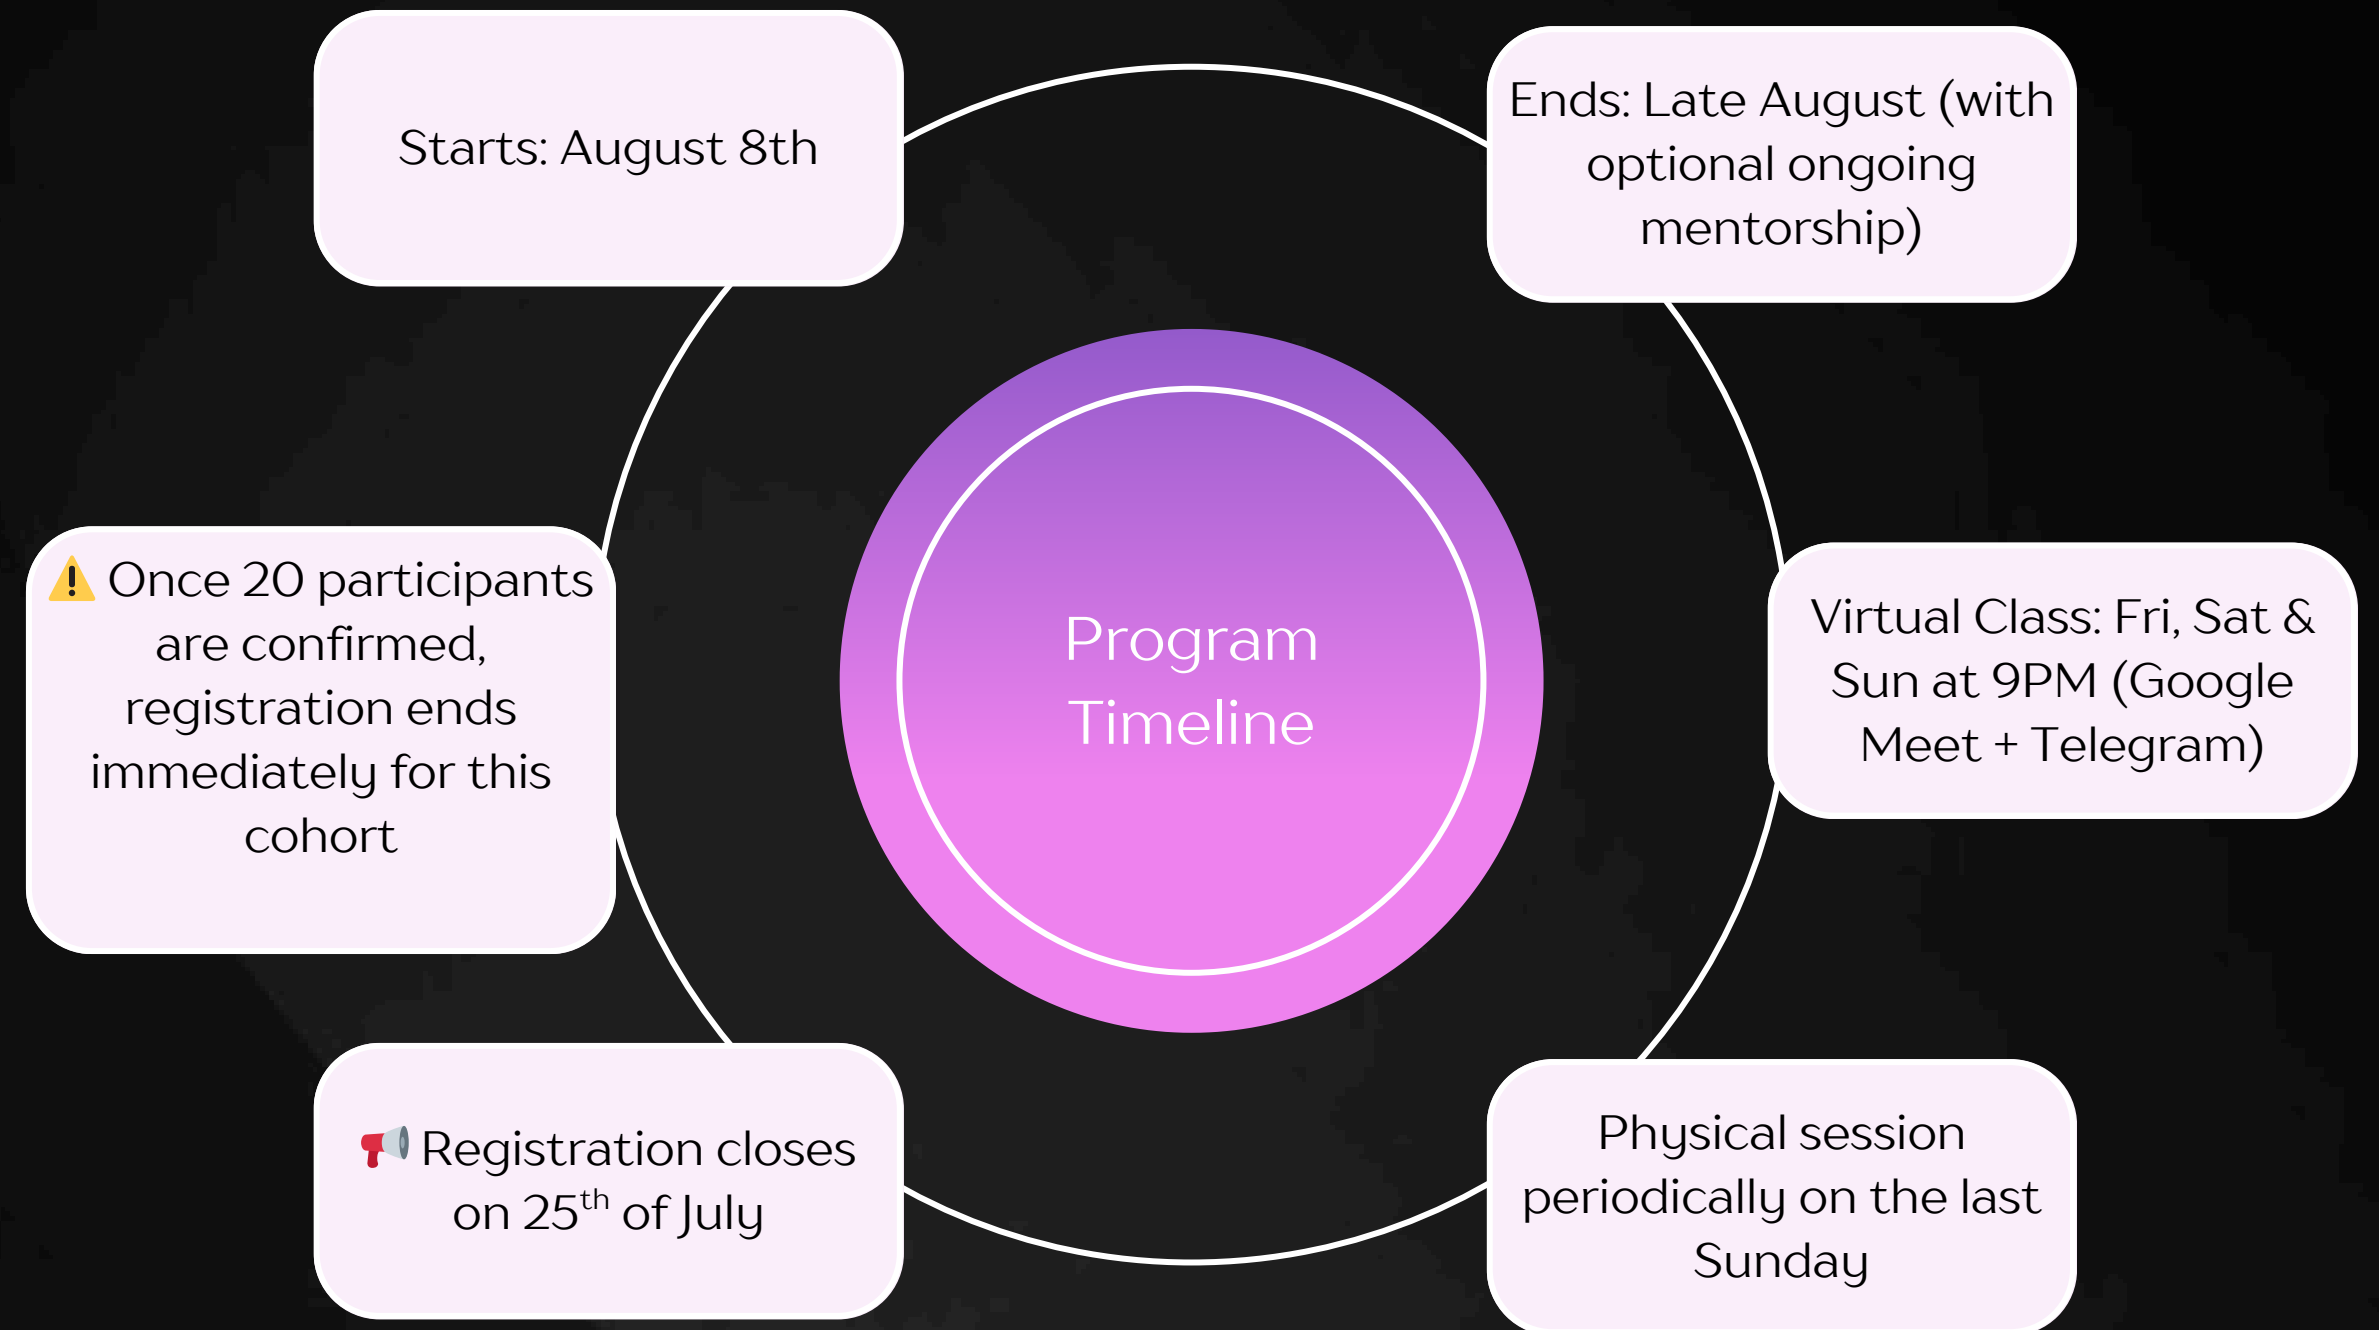

LEARNING & OFFER

Training Value: ~~¥250,000~~

Registration Fee: ~~¥9,999~~ (One-time. Training cost is covered – this secures your seat.)

Program Timeline

Who Should Join?

This training is perfect for:

NYSC Members & Students

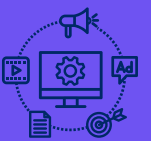

Ambitious Youth & Fresh Grads

Entrepreneurs & Small Business Owners

Freelancers & Side Hustlers

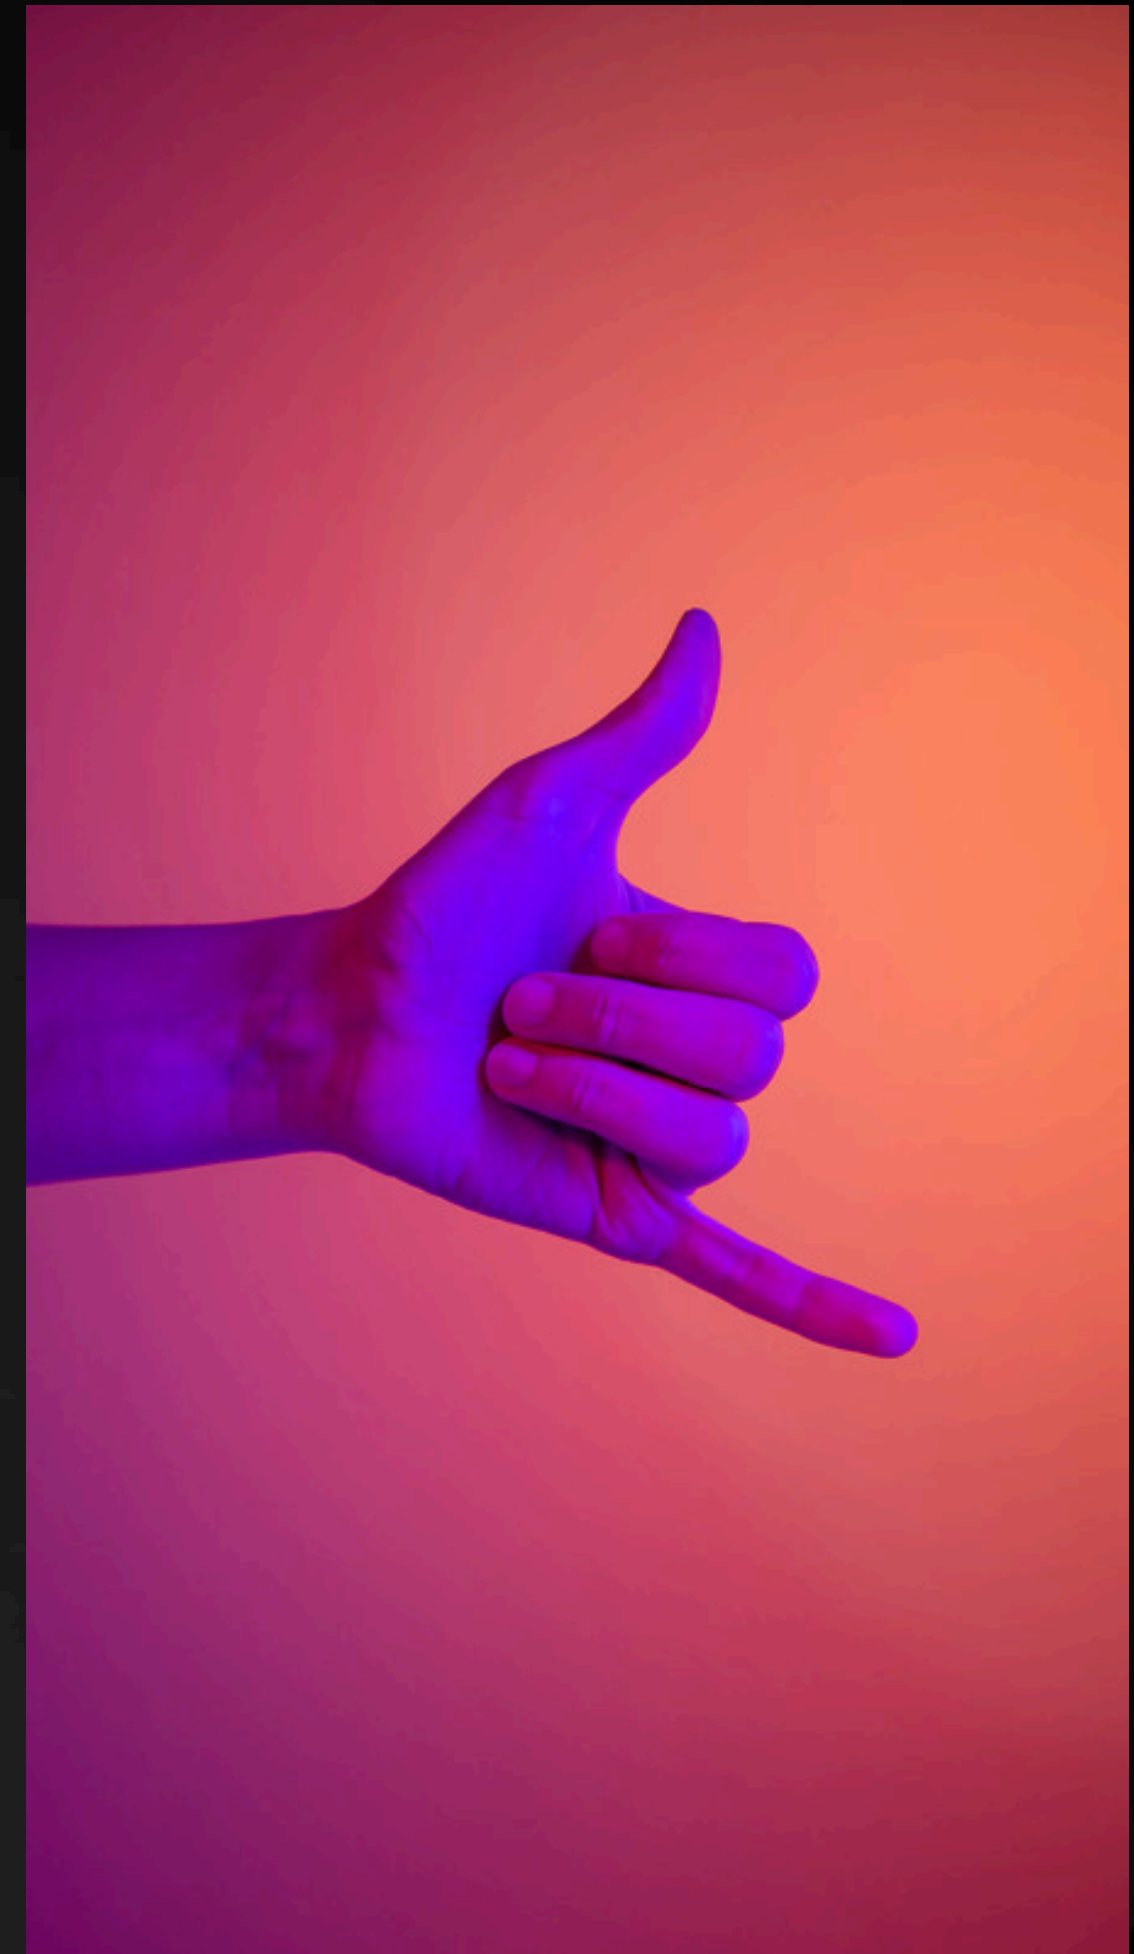

Anyone Ready to Build a Future in Tech & AI

9–5 Workers Seeking Career Upgrade

Willing to travel Abroad with high paying skill

THE TRAININGS

WEEK 1: UNDERSTANDING AGENTIC AI & CREATING YOUR FIRST FUNCTIONAL AI AGENT

We'll kick off with what makes Agentic AI different from basic automation or chatbots—and why it's the future. You'll explore tools like n8n, Relevance AI, VAPI and more, plus see how these agents can transform customer service, sales, and content creation.

Day 1: Friday – Understanding Agentic AI

- What is Agentic AI and why it matters in the future of work
- The power of no-code tools to build autonomous agents & why it's the future of automation
- Overview of Relevance AI, Make.com, n8n, and other tools
- Case studies of AI workers in real businesses
- Use cases in customer service, sales, content, and workflow automation
- Setting up accounts and tools

Day 2: Saturday – Introduction to Tools & Agent Planning

- How Agentic systems think and act: reasoning, tool use, decision-making
- Basic principles of no-code automation
- Tool spotlight: Introduction to Relevance AI & building your first workflow
- Deep Dive into n8n, explaining nodes, integrations, webhook, API and how connections work

Day 3: Sunday – Assignment & Evaluations

- Research and define a business problem you'll solve with an AI agent using the RIPE principle
- Create an account with all the tools explained in the week 1 & Build a basic agent blueprint using Relevance or n8n

WEEK 2: LET'S BUILD REAL AI AGENTS

Time to dive deeper—this session covers how to automate WhatsApp using AI. You'll set up your own lead generation bot and connect it to a CRM using tools like VAPI and Google Sheets.

Day 4: Friday - Lead Generation & Customer Support Agents

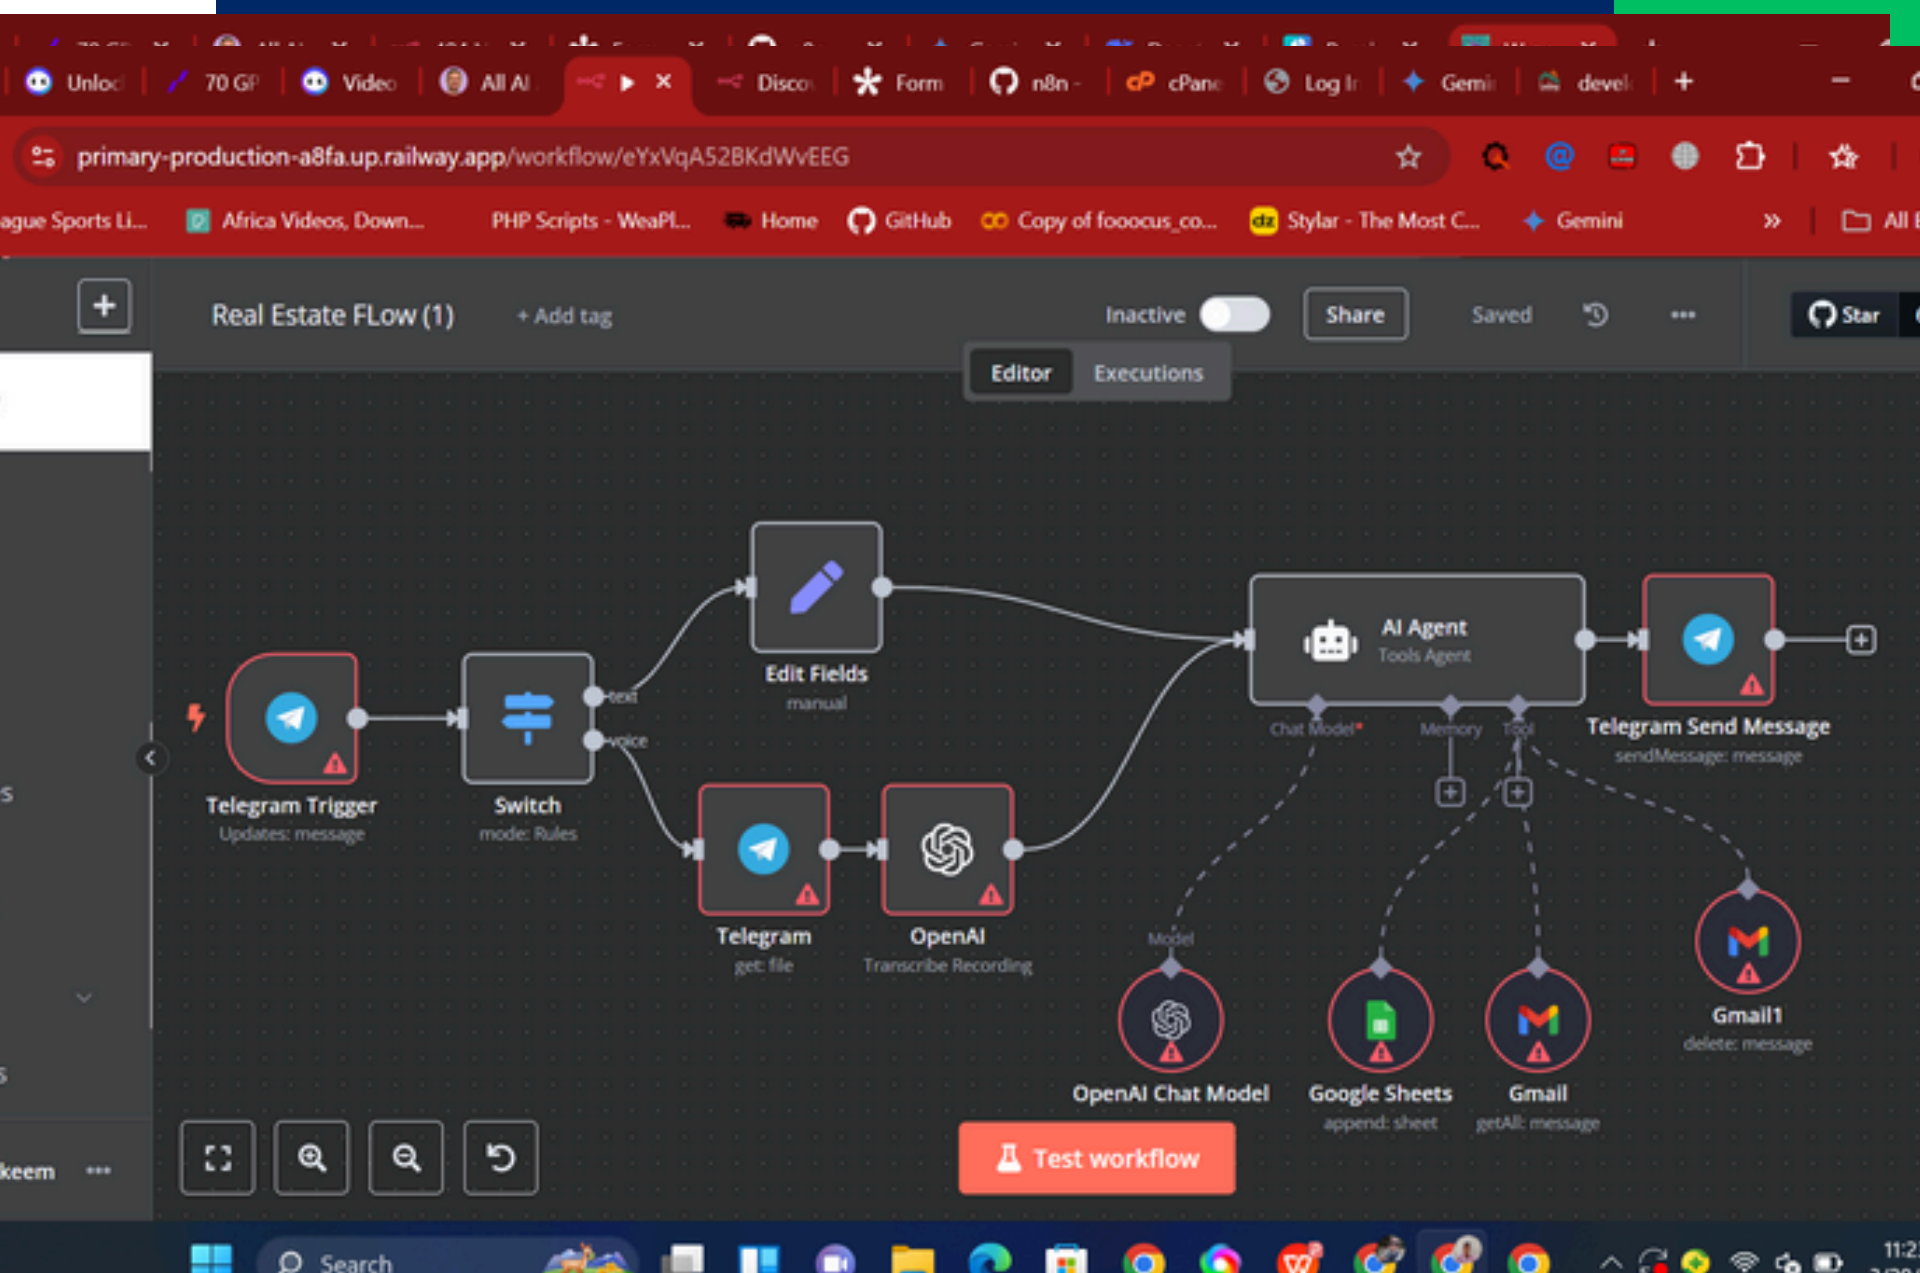

- How to create your first functional AI Agent in Relevance AI and in n8n
- Deep dive: Integrating Apps to Agent for Intelligent Agentic Workflow
- Designing an AI agent that can handle customer support or lead generation
- Using ElevenLabs and VAPI for voice AI and natural responses
- Use case: AI agent that collects leads and handles inquiries
- Tool spotlight: VAPI + Make + Google Sheets Integration

Day 5: Saturday - Content Automation & Dynamic Agents

- Build AI agents that write content, respond to FAQs, and perform conditional logic
- Tool spotlight: n8n + Open AI for intelligent replies
- Creating auto-responses, basic reasoning flows, and trigger conditions
- Integrate WhatsApp Cloud API for AI-driven conversations (demo + setup)

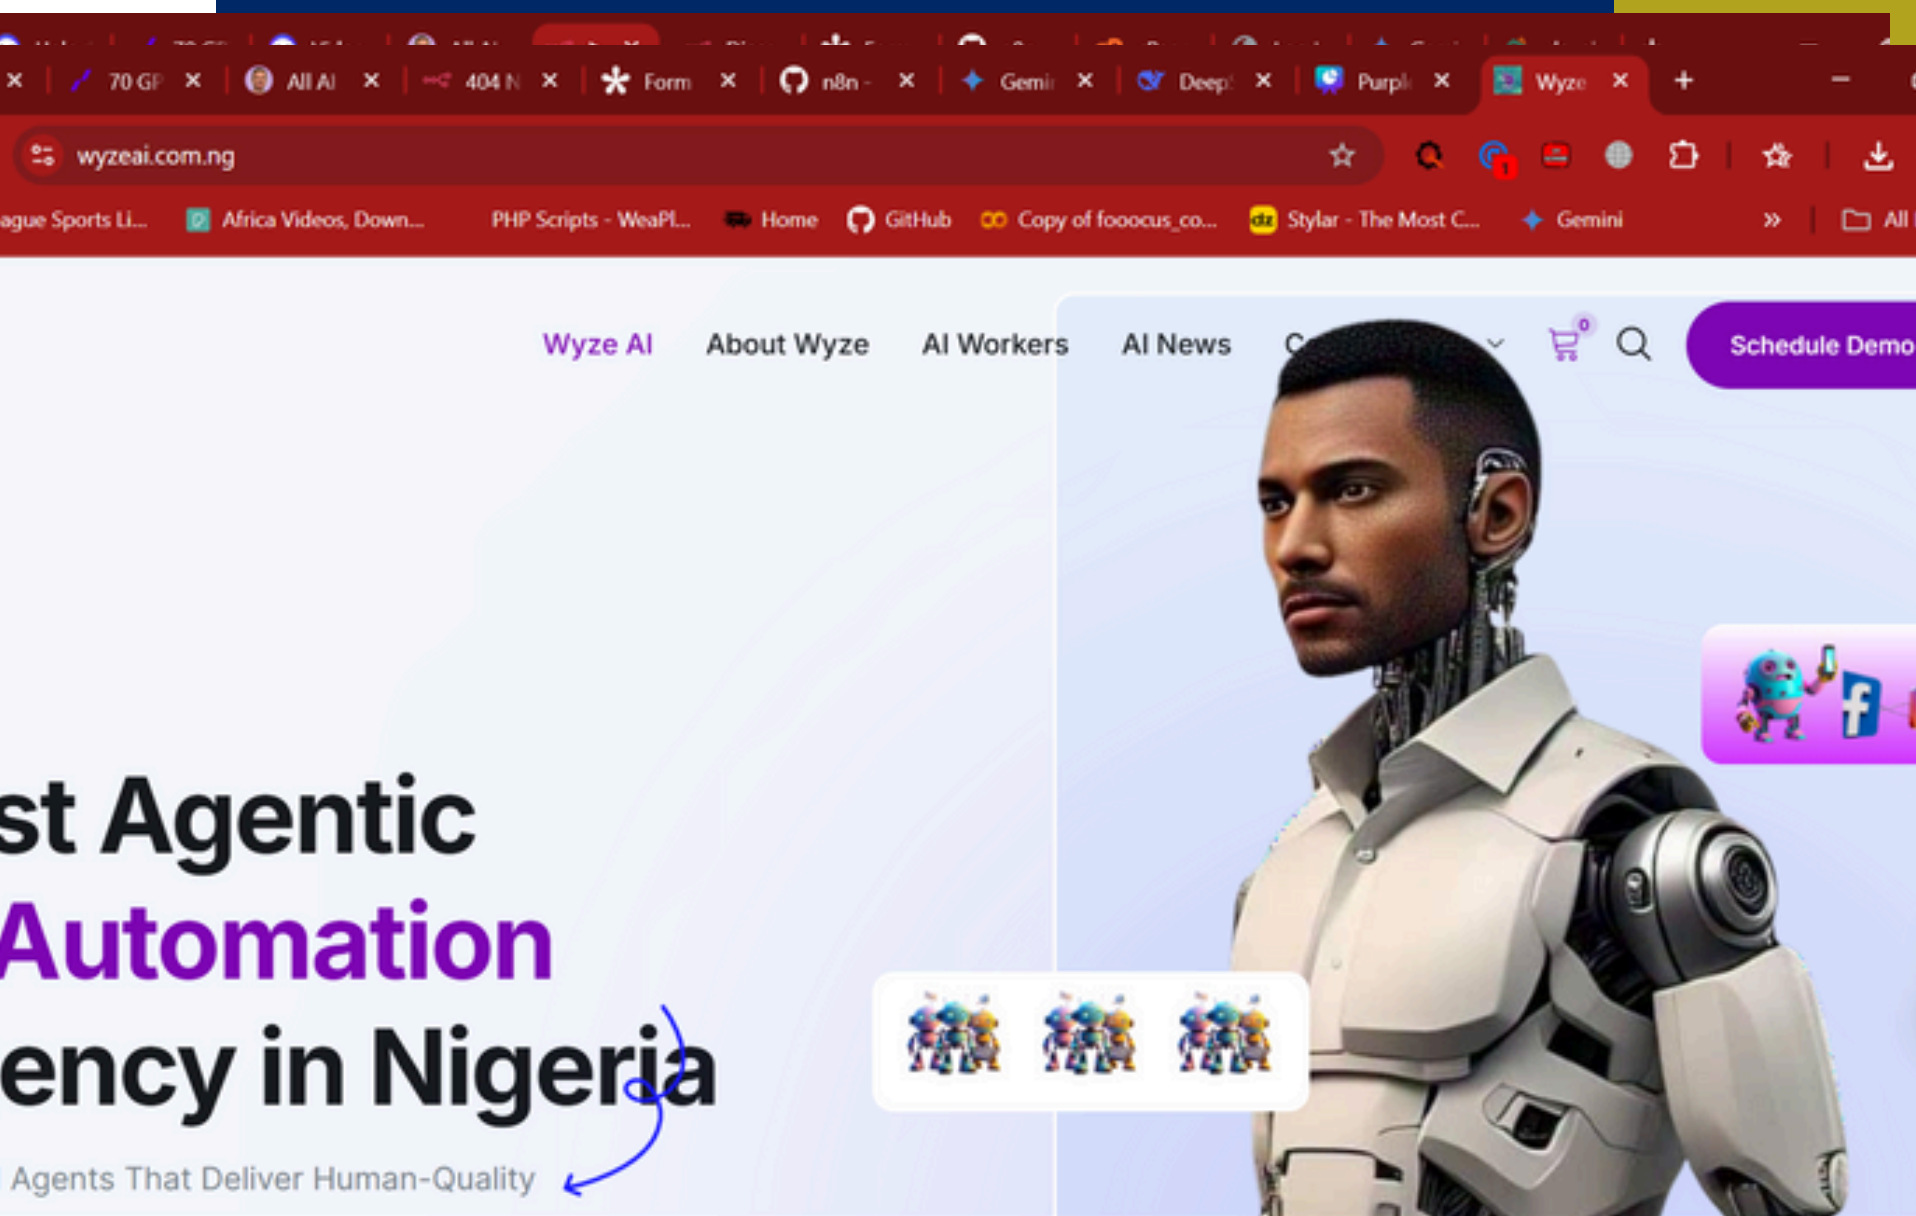

Day 6: Sunday - Evaluations & Assignment

- Create a Lead Collection Agent connected to a CRM or sheet
- Build a content generation assistant or FAQ bot for a real product/service

WEEK 3: GO LIVE & MONETIZE YOUR SKILLS

We'll walk you through deploying your AI agent to platforms like WhatsApp, landing pages, or website. Plus, learn how to monetize: whether you freelance, offer automation services, or start your own AI agency.

Day 7: Friday – Deploying & Monetizing AI Agents

- How to deploy AI agents for clients or your own business
- How to use MindMeastre to map your automations before you begin
- Connecting agents to landing pages, CRMs, WhatsApp, or Instagram
- Introductions to AI Sales Engine
- Monetization strategies:
 - Freelance offers
 - Bundled AI automation services
 - Building your own AI agency

Day 8: Saturday – Demo Day + Certification Prep

- Presentation of student AI projects (live or recorded)
- Review of key concepts, feedback, and improvement ideas
- Certification guidelines & next steps for internship or project support
- Introduction to client proposal templates, pitch decks, and sales scripts
- Access to premium templates and community perks

Day 9: Sunday – Certification Prep & Possible physical Meeting

- Presentation of student AI projects live
- projects from the previous students (Cohort)
- Internship evaluation

GRADUATION EVENT HIGHLIGHTS (DAY 10)

Digital Certificates (CA-AID, CWDA, CDME, and CAAI-P)

Presentations by Industry Guests

Live Finalist Pitches

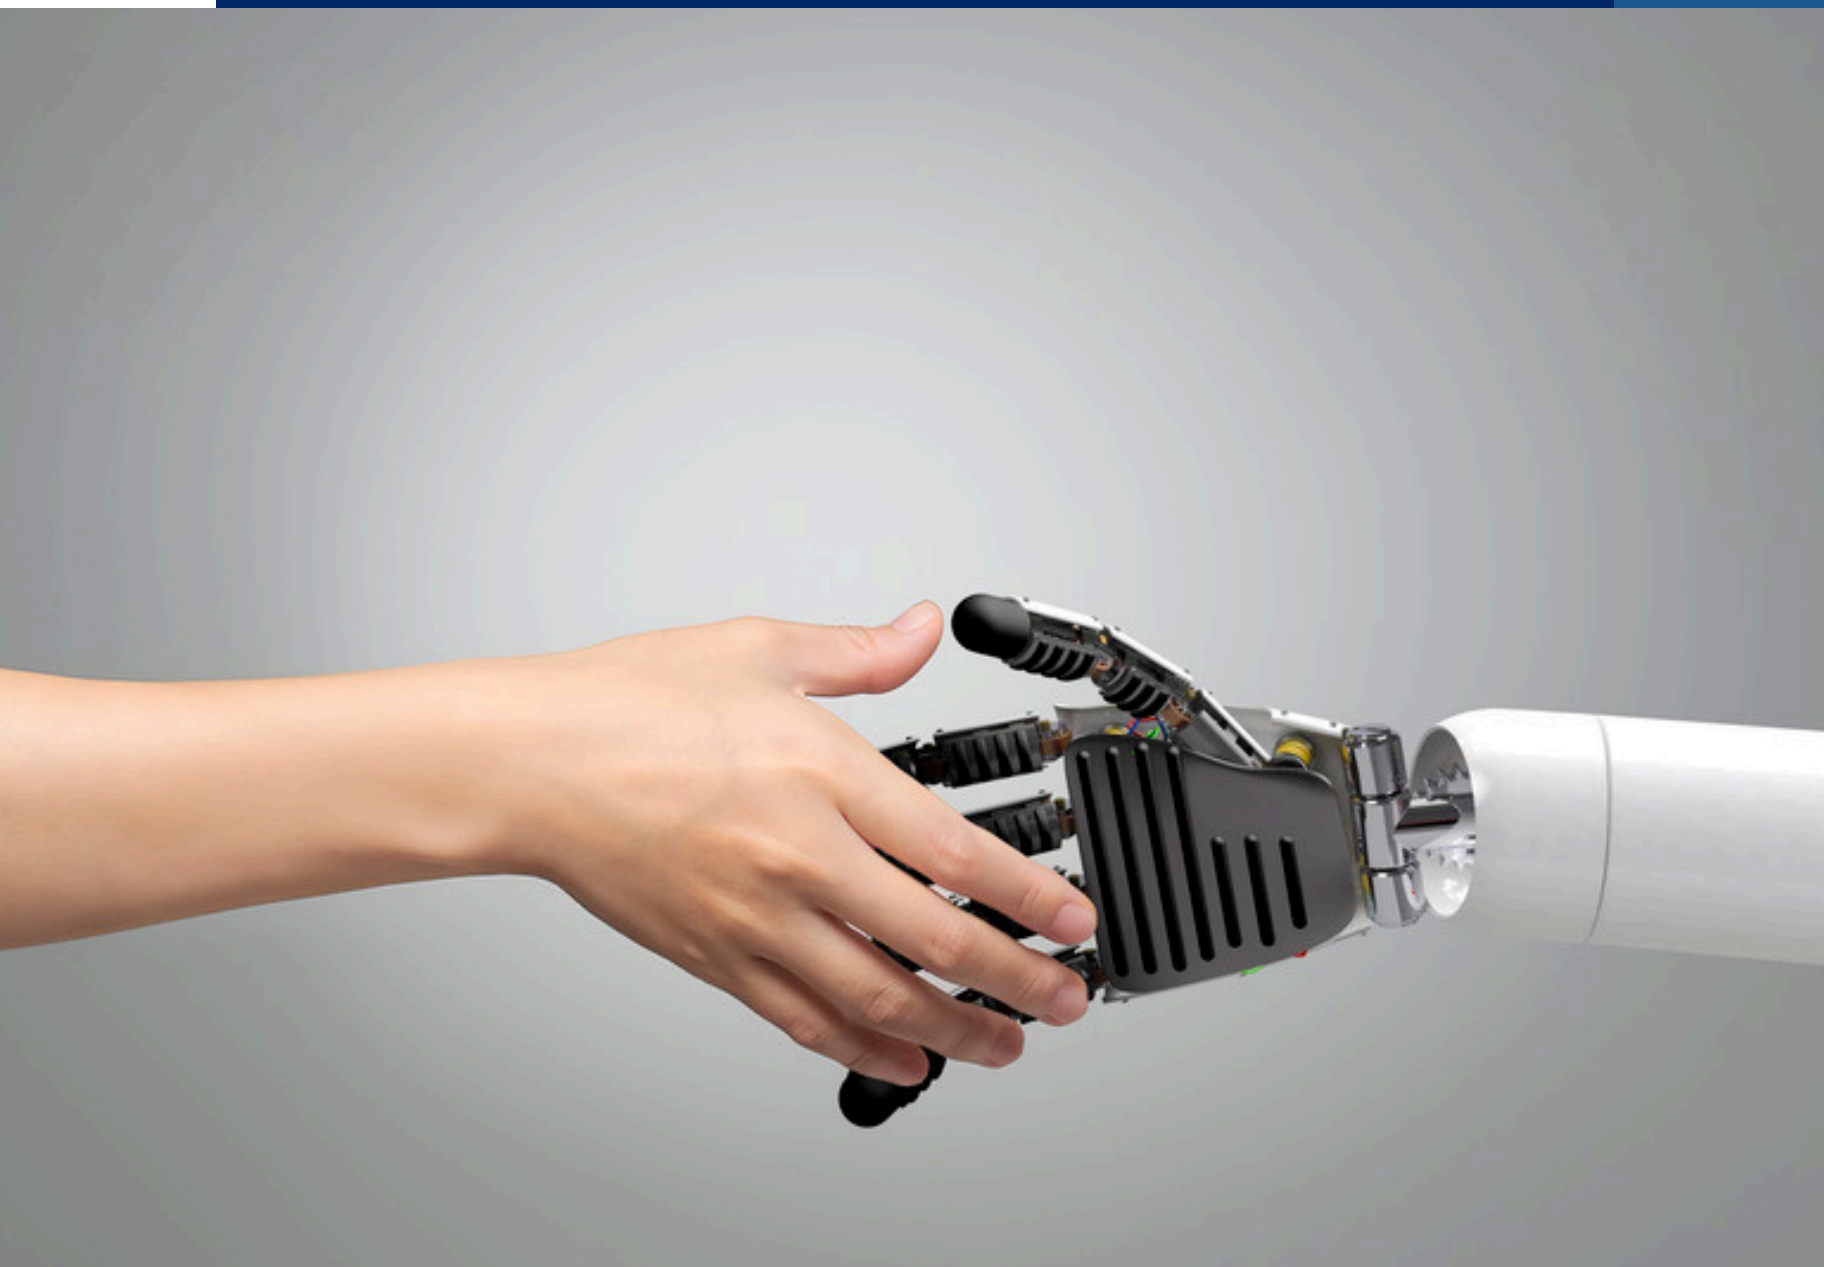

Internship Announcement

Onboarding into AI Builders Community

BONUS FEATURES

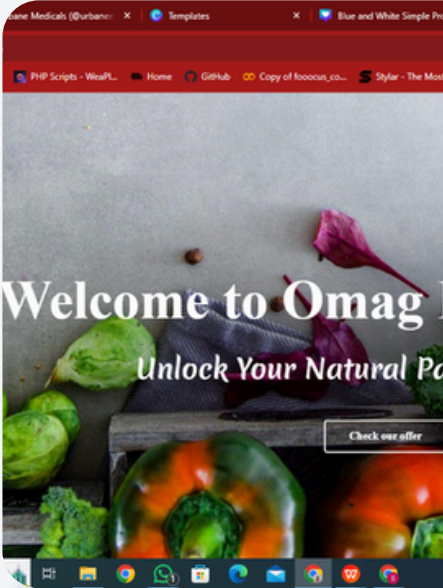

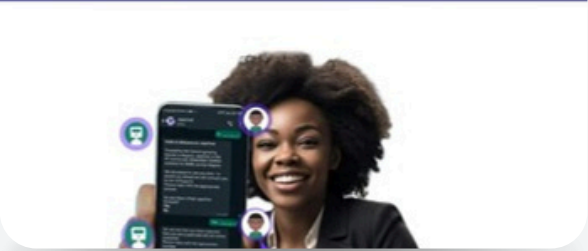

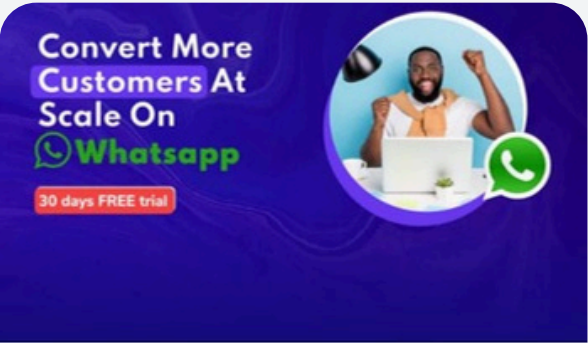

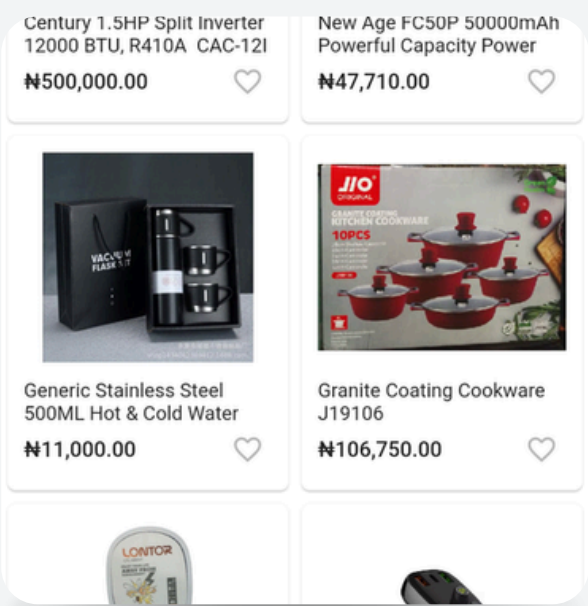

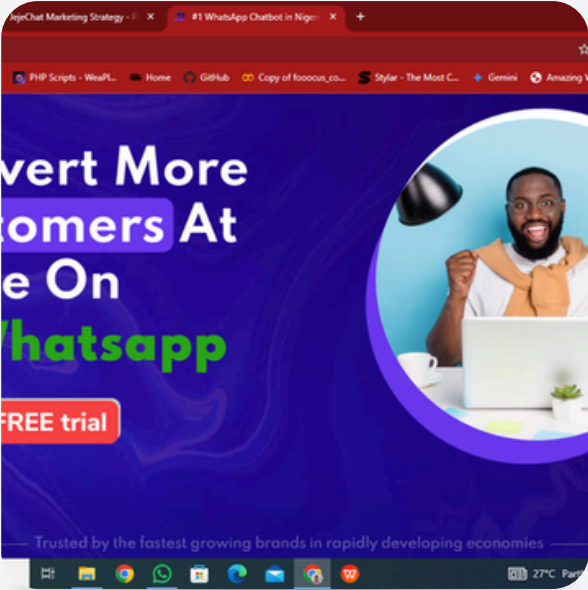

- 🧠 Access to AI Creators Community
- 🛠️ AI Templates, Tools & Workflows
- 🎤 Live Masterclasses + Real-World Guest Speakers
- 📁 Portfolio Projects & Blockchain Certificates
- 🎯 Chance to Become a Wyze AI Certified Reseller or Join Us as a Trainer

CERTIFIED WEB DEVELOPMENT ASSOCIATE (CWDA)

This certificate is awarded to participants who complete the Website Development (No-Code) track. It validates your skills in creating responsive, professional websites using platforms like WordPress, Framer, or Webflow – no coding required.

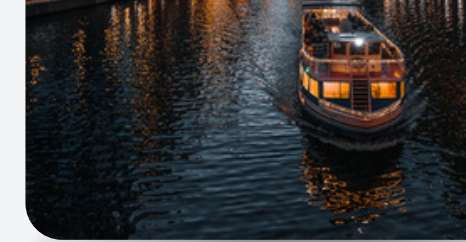

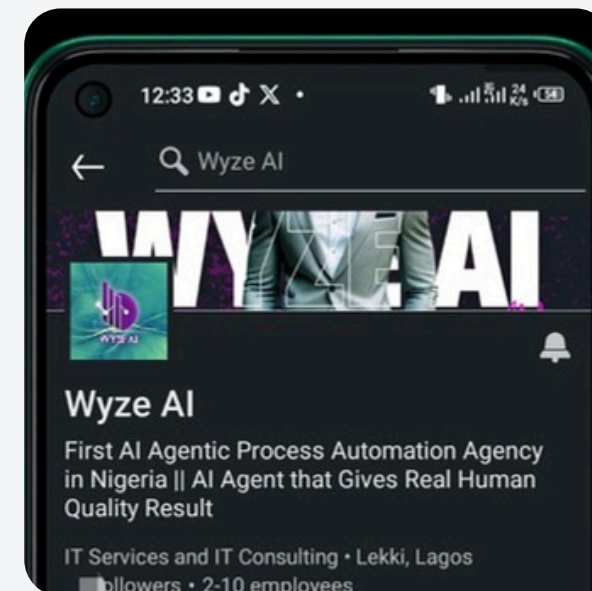

CERTIFIED DIGITAL MARKETING EXECUTIVE

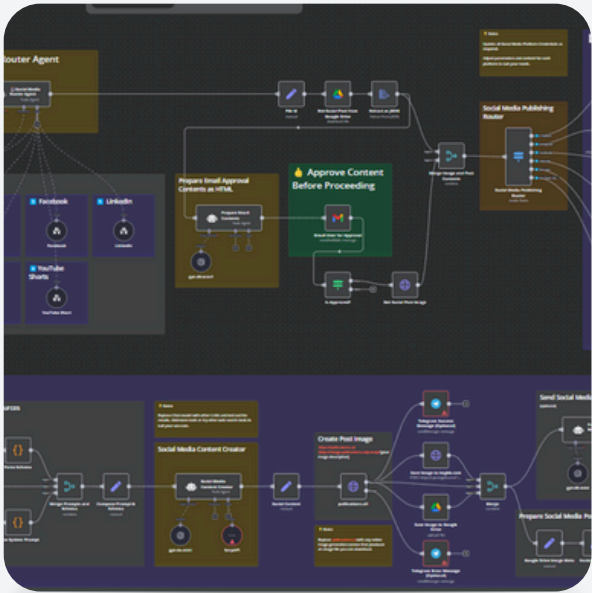

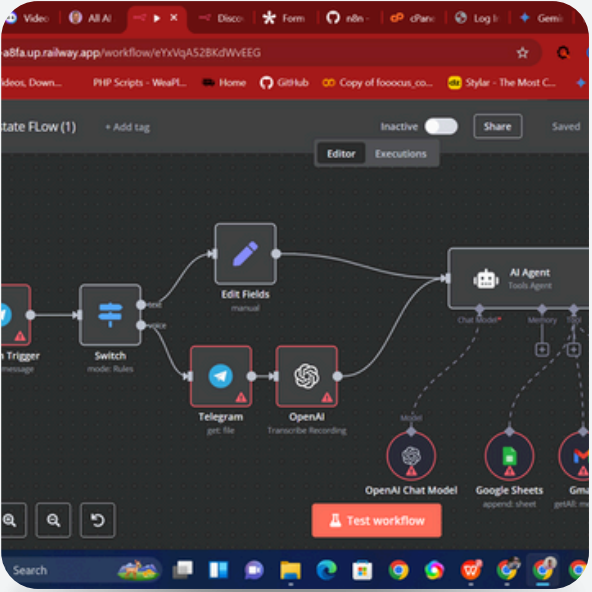

This certificate is awarded to participants who complete the Digital Marketing track. It demonstrates your command of full-stack digital marketing strategies, content systems, and data-driven decision-making.

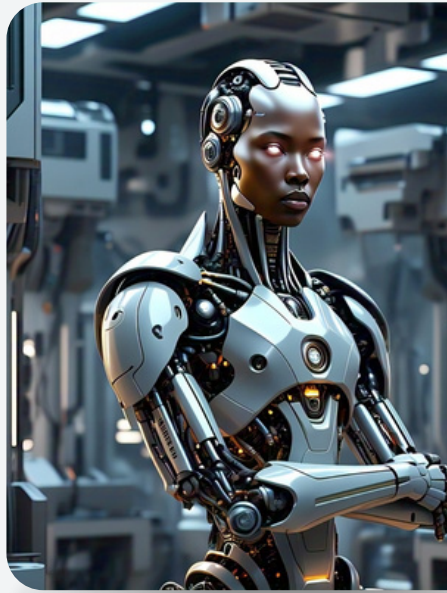

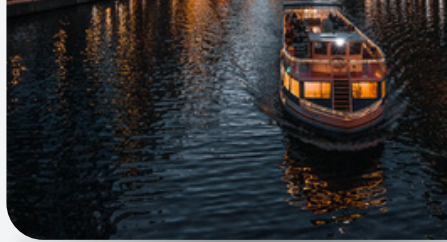

CERTIFIED AGENTIC AI AUTOMATION DEVELOPER

This certificate is awarded to participants who complete the Agentic AI Automation track. It proves your ability to design, build, and deploy AI-powered agents using no-code/low-code tools like Make, n8n, Relevance AI, ElevenLabs, and VAPI.
